

JEB111 – Advanced Data Analysis in MS Excel

Introduction

Petr Polák and Peter Kravec
Charles University Prague
Summer semester 2024/2025

Seminars – basic information

- Tutors:
 - Petr Polák (petr.polak@fsv.cuni.cz)
 - Peter Kravec (15021411@fsv.cuni.cz)
- Time:
 - Tuesday 17.00 – 18.20 (Petr)
 - Wednesday 17.00 – 18.20 (Peter)
 - Just one seminar per week, they are identical
- Tutorial documents: see SIS
(<https://is.cuni.cz/studium/predmety/index.php?do=predmet&kod=JEB111>)

No online teaching, ...

- BUT all seminars (starting from the seminar 2) are recorded and uploaded online (MS Teams)
 - Full self-study possible without physical attendance
- BUT it is better to be present here as it allows us to interact and we are available for help
 - USE IT!

MS Teams

- All course recordings are available on MS Teams
- If we have to switch to on-line lectures are will held them on MS Teams platform
- Join using code „**u3jtzr1**”
- Your login is **studentid@CUNI.cz**

Course requirements and grading

Duty	Maximum points	Obligatory	Points needed to pass
Homework	5	YES	50%
Group project	35	YES	50%

Homework

- The homework will be published on the 3rd seminar with deadline on the 4-5th seminar
- It is an **obligatory requirement** to pass the course
- It should take you about 15 minutes to solve the exercises
- Submission via SIS

Group project

- Up to 4 students in a group (register via Google docs by the end of March)
- <https://docs.google.com/spreadsheets/d/1wlicTA7B5OQ6g3GbXE5ZM-0r0aGCAAXOxrwFocgZ1nk/edit?gid=1510717196#gid=1510717196>
- Deadline: May 18, 20:00
 - For early exam: May 4, 20:00
- Topic of your choice
- For more details and examples see SIS and **we have an extra seminar on that issue**
- Submission via SIS
- Aim: To practice your skills and have fun

Final exam

- 60 minutes
- Open book (written notes and Google, no spreadsheets)
- 5 exercises based on seminars
- Sample exam in SIS
- Aim: To test your knowledge and get a good grade

Time for your input...

- Please fill in the following questionnaire

Stylized facts about the course and feedback

- Students do not attend seminars since provided materials are of a high quality and self study is possible
- „Course is too easy“ – easy to pass, not that easy to get A
- Friendly teachers 😊
- Projects: Quantity over quality
