

## INTEGRATED BLOCK ENG - 9.12.-13.12. 2024

Po 9.12.24	8.00-8.10	Introduction, organization (Prof. L. Kolářová)
	8.10-9.00	<b>INTERACTION BETWEEN INFECTIOUS AGENTS AND HOST IMMUNE RESPONSE.</b> Impact of the immune response and its role in the pathogenesis of infectious diseases (Prof. L. Prokešová)
	9.00-9.25	<b>INFECTIONS OF IMMUNOCOMPROMISED PATIENTS</b> (Prof. Michal Holub)
	9.25-10.00	<b>EXANTHEMATOUS INFECTIONS OF CHILDHOOD.</b> Infectious Rash Illnesses (Assist. prof. D. Veselý)
	10.00-10.15	Break
	10.15-11.45	<b>LIFE-THREATENING INFECTIONS</b>
	10.15-10.35	<i>Pathology of sepsis (Prof. J. Dušková)</i>
	10.35-10.55	<i>Causative agents and diagnosis of sepsis (Assist. prof. J. Závora)</i>
10.55-11.45	<i>Sepsis and septic shock - clinical and therapeutic view (Prof. Michal Holub)</i>	
		Discussion

Ut 10.12.24	8.00-11.50	<b>RESPIRATORY TRACT INFECTIONS</b>
	8.00-8.30	<i>Tuberculosis - Infectious Agents, Diagnosis, Epidemiology (Dr. K. Svobodová)</i>
	8.30-9.15	<i>Pathology of TB Infections (Prof. MUDr. J. Dušková)</i>
	9.15-10.00	<i>Prevention and Treatment of TB (Prof. M. Koziar Vašáková)</i>
	10.00-10.15	Break
	10.15-10.40	<i>Pathology of RTIs and their Consequences (Prof. J. Dušková)</i>
	10.40-11.05	<i>Viruses, Bacteria and Fungi Involved in RTIs (Assist. prof. G. Smělá)</i>
	11.05-11.50	<i>Clinical manifestations of respiratory infections in paediatric and adult age including immunological and allergological context (Assoc. prof. O. Beran)</i>
		Discussion

St 11.12.24	8.00-11.25	<b>GIT INFECTIONS</b>
	8.00-8.20	<i>Pathology of intestinal Infections (Assist. prof. J. Stříteský, CSc.)</i>
	8.20-8.45	<i>Agents of Intestinal Infections: Pathogenesis, Clinical Symptoms and Diagnostic Proofs (Assist. prof. J. Závora)</i>
	8.45-9.25	<i>Clinical Course and Treatment of Intestinal Infections (Assist. prof. D. Veselý)</i>
	9.25-9.40	Break
	9.40-11.05	<b>INFECTIONS OF THE LIVER AND BILIARY TRACT</b>
	9.40-10.05	<i>Pathology of viral hepatitides (Assist. prof. J. Stříteský, CSc.)</i>
	10.05-10.40	<i>Agents of hepatitides - diagnosis and epidemiology (Assist. prof. Z. Mělková)</i>
10.40-11.05	<i>Clinical and Therapeutical Aspects of Hepatitides (Assist. prof. D. Veselý)</i>	
		Discussion

Čt 12.12.24	8.00-9.15	<b>NEUROINFECTIONS</b>
	8.00-9.15	<b>Viral Encephalitis</b>
	8.00-8.30	<i>Pathology of Encephalitis (Prof. J. Dušková)</i>
	8.30-8.50	<i>Viruses Involved in Encephalitis (Assist. prof. J. Bobek)</i>
	8.50-9.15	<i>Clinical Course, Diagnosis, Epidemiology and Treatment (Assoc. prof. O. Beran)</i>
	9.15-9.30	Break
	9.30-10.50	<b>Bacterial Meningitis</b>
	9.30-10.00	<i>Pathology of Bacterial Meningitis (Prof. J. Dušková)</i>
10.00-10.20	<i>Bacteria Causing Meningitis (Assist. prof. J. Bobek.)</i>	
10.20-10.50	<i>Clinical Course, Prognosis and Treatment (Assoc. prof. O. Beran)</i>	
10.50-11.40	<b>INFECTIONS BY PRIONS (Assoc. prof. K. Holada)</b>	
		Discussion

Pá 13.12.24	8.00-9.40	<b>SEXUALLY TRANSMITTED INFECTIONS (STIs) OF BACTERIAL AND PROTOZOAL ORIGIN</b>
	8.00-8.30	<i>Infectious agents of STIs - bacteria, fungi and parasites (Assist. prof. K. Petříčková)</i>
	8.30-9.00	<i>Pathology (Prof. J. Dušková)</i>
	9.00-9.30	<i>Clinical Course, Epidemiology, Prevention (Assist. prof. Zákoucká)</i>
	9.30-9.45	Break
	9.45-10.35	<b>VIRAL STIs</b>
	9.45-10.15	<i>Pathology (Prof. J. Dušková)</i>
	10.15-10.45	<i>Human Papillomaviruses: Pathogenesis, Epidemiology, Diagnosis and Prevention (Dr. R. Tachezy)</i>
10.45-11.05	<i>STIs caused by herpetic viruses, clinical view, epidemiology, prevention (Dr. H. Zákoucká)</i>	
11.05-11.35	<i>HIV infection - clinical view, diagnosis, epidemiology and therapy (Dr. D. Veselý)</i>	
		Discussion
