

HOMEWORK for Class 01 Conceptual frameworks East and West

Please, watch this 90-minutes long documentary: "EAST and WEST Cultural Differences" on the differences in conceptual frameworks.

Please, watch it carefully, preferably twice (I watched it at least 5 times) and take notes.

This documentary lays the ground for our entire course and we will be returning to it again and again.

Anyway, I'm sure you will like it. It's absolutely fascinating.
